**Washington County Representatives Support Johnson City-Jonesborough-  
Washington County Chamber of Commerce Annual Meeting**

*(Jonesborough, Tenn.)*—Washington County was well represented at the annual Johnson City-Jonesborough-Washington County Chamber of Commerce meeting January 10 at the ETSU Culp Center with numerous elected officials and county representatives in attendance.

“We were glad to be present to support our local Chamber of Commerce and, in turn, the economic, educational and workforce development of our region,” said Washington County Commission Chair Greg Matherly. “A cooperative spirit between County, Town and City will keep our region moving forward and is one of the things that is so attractive to the many folks choosing to live here.”
